Patented 160 acres of water on tract, 70 acres in good outlet in foot-hills with improvements, but the farm on the market.

Relinquishment, 160 and land broke and ready

### Green Valley. (Correspondence:)

Fine corn weather these days.

A regular downpour came to our Valley the first of the week. According to the Government rain guage four inches of water fell during the three days rain. Crops are looking better. Mention is not made any more of how it used to rain in the "States."

Miss Etta Robinson has gone to Portland, Oregon to be married. Miss Etta has left many warm friends in Green Valley who will be sorry to lose her from their midst.

Mrs. F. A. Milier has just had a new house put up on her homestead, and has been moving in this week.

Dr. Branham has bought a lot in San Jon, and will move his store on it.

Hauling is still going on at San Jon, both of the new lumber yard and rock for the Mercantile house.

We understand there is to be a picnic on the "Fourth of July" up in Tipton Canon. The Ladies Aid to sell ice cream and lemonade for benefit of the new church at San Jon. Let everybody turn out and help the church and enjoy the holiday besides. A jolly good time is expected. Why can't we have a ball game? Fourth of July without a ball game might as well be the "Fifth."

Mr. and Mrs. J. T. White, who have been to Quenemo, Kansas for the benefit of Mrs White's health, returned home after a stay of two weeks. We are glad to state she is much improved. They report New Mexico crops away ahead of Kansas.

Henry Moore has bought six lots in San Jon and rumor has it, will soon put in a feed yard and grist mill.

A new departure in the way of a Pound party came off at the Pittman home last week. The guests brought a pound of something to eat and filled up the table with all sorts of good things. Everybody had a good time and departed for home in the "wee small hours."

Dodson who has been working for Dr. Branham, has been laid up with a sore foot caused by the bite of some poisonous insect he supposes. He is able to get around at present, but is still lame.

C. H. Miller has just finished an addition to his house.

Mrs. Steve Atkins who has been back to Missouri on an extended visit, returned home on Friday. Her health has not been good in Missouri.

The Ladies aid gave an oyster supper, Friday night, at the home of Mr. Bennett, clearing about seven dollars for their church fund. All report a fine time. Mr.

and Mrs. Bennett are among our first settlers in Green Valley and have made many warm friends in the community.

W. H. Burton has connected with the telephone line and will now have his groceries delivered by wire.

We wonder if Mac Horn is thinking of starting a branch store in Egypt; business calls him there pretty regularly.

It is stated that Dr. G. H Van Dyke has consented to practice medicine again.

The Hyso family is pretty "measly" at present, having four patients at one time.

Quarterly Conference will be held in the Arbor at E. H. Fullwoods, Saturday and Sunday, June 29th and 30th followed by a protracted meeting lasting several days. Bro. Turner, our pastor and Bro. James our Presiding Elder will be with us at that time and we look for a big crowd and some good sermons. Don't miss this treat.

Walter Bennett has been in Tucumcari this week tearing down a lumber shed they have bought.

Mesquite Quail.
